

★ ЦСКА АРЕНА

MULTI-PURPOSE SPORTS VENUE

«When we announced the construction of the largest sports cluster called Park of Legends here six months ago, many people didn't take it seriously and very few believed that in a year and a half it will be built here. Nevertheless, after a year and a half, it was done - the largest, I believe, the best Ice Palace in the country»

 **Sergey Sobyenin, Mayor of Moscow**

«I was there, it's just fantastic. It's a very good hockey arena with a great atmosphere»

 **René Fasel, President of the International Ice Hockey Federation (IIHF)**

«I am impressed! This arena was built so quickly! I can say with certainty that no one in Canada or America could have built such a venue so quickly. It's one thing to talk about it, and quite another to really build it. Wherever I was in Russia, I have never seen such a venue and such infrastructure as here. Something like that - yes, but so that everything is at hand and so close never. Yes, it's a huge project»

 **Phil Esposito, the legendary Canadian hockey player**

«CSKA fans should be proud that we have acquired a modern new arena»

 **Boris Mikhailov, two-time Olympic Champion, Member of the PHC CSKA Supervisory Board**

«Everything's great. The new arena that meets all standards of the league. Very good locker rooms. It's very important for the coach that the coach's office is located next to the locker rooms so that there is visual and verbal contact. Ice is of very good quality»

 **Dmitry Yushkevich, Olympic Champion, Senior coach of PHC CSKA**
